

Easy To Clean
Direct top access to the filter

Basic Swivel
Basic electronic swivel system to help prevent cable tangling

Superior Cleaning
Fast moving brushes

AquaSmart
Takes the smartest route across the pool

Robotic Pool Cleaner

The AquaClean Plus will remove dirt and debris from your pool in record time due to the AquaSmart electronic system and three cleaning programs. The top access filters are the most ergonomic ones on the market, which means they are easily cleaned, providing minimal contact with the dirt. The AquaClean Plus also has two height-adjusted suction nozzles to ensure they adapt perfectly to any pool.

Features:

- AquaSmart System for intelligent systemized cleaning
- Multi-cycle cleaning programs (1 hr., 1.5 hr. and 2 hr.)
- Internal timer allows you to leave the cleaner in the pool to automatically clean every 48, 72 or 96 hours
- Compatible with external timer* - allows you to preprogram the cleaner to operate when you are not at home
- Cleans pool floor, walls and waterline
- Easy to empty, top loading filter baskets
- Can filter up to 85 gpm
- "Cartridge Full" indicator
- Extra long 60' floating cable
- Adjustable suction ports
- For all types of pools

*External timer not included
