

TROPICOOOL®

EFFECTIVE and
reliable **COOLING**
for your pool

TC1000 | TC1500

COOL YOUR POOL RELIABLY

Designed to lower the temperature of your pool to a refreshing experience throughout the summer.

- Titanium heat exchanger impervious to harsh water chemistry
- SMART control panel with 24 character full-text display provides easy-to-read menu options and unit status
- Operating cost is 75¢ per hour (Based on 12¢ per kWh)
- TC1000 for cold plunge up to 3,000 gallons; TC1500 for cold plunge up to 4,000 gallons (*Cold plunge pool sizes refer to residential use only. The bather load of a commercial plunge pool will require a larger unit.*)

PoolSync® Technology

- Built-in Wi-Fi Control – Now with the PoolSync antenna embedded, no extra equipment is needed, it's ready to connect right out of the box
- Adjust heating, cooling, and autotemp modes via the PoolSync®
- Enables remote diagnostics, instant performance updates and quick troubleshooting
- Monitors operation in real-time and ensures reliable performance year-round

UNIT SPECIFICATIONS

Ability to chill as low as 40°F for cold plunge pools

Consistent performance regardless of humidity

Helps conserve water, does not work on evaporation
